

HEAT PRINTING ACCESSORIES

HEAT PRINTING ACCESSORIES

<p>Heat Eraser — not your teacher's chalkboard eraser.</p> <p>Cool your designs faster with a heat eraser. Great for use with heat transfer materials with cold peel application, and smoothing and cooling pre-cut letters and numbers before cover sheet removal.</p>	\$3.55
<p>EZ Weeder™ makes weeding easier.</p> <p>Easily remove excess material from your heat transfer designs. This tool allows you to weed even the most detailed design cavities with ease. Use it with heat transfer and digital heat transfer materials.</p>	\$22.95
<p>Weeding Tweezers help remove the excess from your design.</p> <p>Pluck out extra heat transfer material from your letters, numbers, or other heat transfer designs. The tweezer's curved tip also helps place small pieces onto your design.</p>	\$28.05
<p>Layout Boards — straight or arched, you decide.</p> <p>Quickly and accurately align pre-cut letters and numbers on apparel with a layout board. Has ruler marks and application and positioning tips on each board. Comes in a set of 3 sizes.</p>	\$4.75 per set
<p>Pre-Mask Tape — versatile tape that takes the heat.</p> <p>This light-tack, heat-resistant tape is an ideal solution for lettering caps, working with small lettering, and a perfect companion when cutting sign vinyl.</p>	3 1/4"x100yd \$27.35 24"x100yd \$111.40
<p>Thermo-Tape keeps your designs in place.</p> <p>Use this heat resistant tape to keep graphics and lettering in place before and during heat press application.</p>	\$10.50 6+ \$9.45 each
<p>Thermo-Tape Dispenser keeps your Thermo-Tape within reach.</p> <p>Store your Thermo-Tape close-by in this slip resistant dispenser with a rubber base. This has a double core for 1" or 3" tape, and can store up to two rolls.</p>	\$22.30
<p>Storage Boxes keep your pre-cuts organized.</p> <p>Use these corrugated cardboard storage boxes with plastic inserts to organize and keep track of your pre-cut letter and number inventory. Available in 3 sizes.</p>	\$9.15 - \$10.50
<p>Mini T-Shirts — maximum attention in a tiny way.</p> <p>Creatively promote your business with Mini T-Shirts. Use them to make memorable business cards that potential customers will notice and keep. Comes in packs of 10, and is available in black and white.</p>	\$18.90
<p>Mini Tee Sample Ring</p> <p>Let your customers see and feel what heat transfer materials options are available. Assortment of black and white, pre-printed Mini T-shirts pre-assembled on 2" ring: 16 CAD-CUT® designs, 12 CAD-COLOUR® designs, custom patches, Sport-Stitch products, as well as SimStitch.</p>	\$85

Pads, Pillows, Inserts

Heat Printing Pillows prevent marks on transfers and lettering.
Get even surfaces and prevent marks on heat printed transfers by using these 3/4" foam core pillows. Non-stick Reusable.
Available sizes: 16" x 20", 12" x 14", 5" x 18", 6" x 8", or 10" x 10"
Use with v-necks, zippers, and buttons or near heavy seams. Also works well as an insert for mesh and reversible jerseys.

\$16.20 - \$37.15
Set of 5 \$111.40

Print Perfect Pads elevate your print area for a perfect press every time.

Print Perfect Pads are designed to elevate your print area and provide a solid surface for even pressure, and are ideal for working around buttons, zippers, and seams.

\$33.75 - \$71.50

The Flexible-Application Pad makes a great cover sheet option when heat applying on nylon.

This thin silicone rubber pad can be used in place of a cover sheet when applying heat transfer materials to heat sensitive items. It also protects buttons, zippers, and snaps on garments.
